

**CAHSEE Math Prep
Torrey Pines HS**

Mr. Frantz

fred.frantz@sduhsd.net

Room 403

Course Description: This course focuses on preparing students to take the mathematics portion of the California High School Exit Exam – CAHSEE. The CAHSEE consists of questions from six strands based on California academic content standards. The strands are: 1. Number sense, 2. Statistics, Data Analysis, and Probability, 3. Measurement and Geometry, 4. Algebra and Functions, 5. Mathematical Reasoning, and 6. Algebra I.

Class Guidelines:

- Respect for all
- Motivation
- Preparation

Necessary Materials:

You will need a 3-ring binder. We will be building a binder that will cover all of the CAHSEE mathematics preparation. I have some 3-ring binders here if you would like one.

Grading:

Participation: 20% (In order to participate you need to attend.)

Homework: 20% (Bringing your binder is part of your homework.)

Quizzes: 60%

This class is geared entirely towards the passage of one exam – the mathematics section of the CAHSEE. Therefore, there will not be any chapter exams. Instead, you will be given frequent short quizzes, 2 – 3 per day.

I'm looking forward to teaching you as much math as possible and I'd like to help you in any way that I can.

Thank You,
Mr. Frantz
