Return to Campus Update

CoVitality Results

Falcon Feature - Return to Campus Update

Following the recent SDUHSD Board of Trustees meeting on October 14th, TPHS has been hard at work to update and adapt our plans for a return to campus for all students. It was proposed at this meeting that schools implement a one-day-a-week in-person learning from school model for students. This model would allow students the option to attend in-person learning one day a week on campus, and continue with distance learning from home four days a week. In order to implement a plan like this, we need to adapt our site protocols, adjust room configurations, determine technology needs, and review staffing. District families should see additional information from the SDUSHD regarding the option to return to campus soon. In the meantime, TPHS is committed to continuing to provide high-quality instruction through the distance learning model.

Extra Curricular Activities on Campus

Part of what makes high school fun are the memories students make with clubs, teams, and competitions. TPHS is happy to announce the return of more extracurricular activities to campus. Coaches and advisors have been given the "green light" to work with site administration to return to campus for after school activities. We are following all CDPH guidelines, and our staff is being creative with the use of outdoor facilities. As we work to bring students back to campus for in-person instruction, the return of our extracurricular programs to campus is a great way to help our students make the most of the year, while staying safe and healthy!

CoVitality Results

Recently, our students participated in a [CoVitality](#) survey designed to help us better meet their SEL needs. The results are in, and next Wednesday (11/4) Principal Coppo is going to include a discussion of the results as part of his Student Connectedness presentation to students. The results of this survey will also be shared during the Coffee with Coppo parent event on 11/12. The voice of our students is critical to the success of our school, so we are looking forward to sharing that voice with all of our Falcons.

Social Emotional Learning Spotlight

Thanks to the generous support of our Foundation, TPHS continues to make SEL a priority on campus. Utilizing the talents of TP teachers Jeff Owen and Don Collins, the TPHSF hosted an SEL Parent Connection event on October 27th. Jeff and Don shared information on the SEL efforts on campus, and the many resources available for our families. If you missed the webinar, you can [view the recording here](#).

Resources

Important dates

10/31 - Daylight Savings: Fall Back!

11/11 - Veterans Day - No School

Every Thursday - Chromebook distr.
Learning Commons 1-3pm

Every Mon/Wed - Nutrition Services
Food distr. - PAC 12:15 -1:15pm
