Falcon Feature

Thanks to the support of our Foundation, TPHS is proud to once again offer **Challenge Days** from 11/12 to 11/15. For more than a decade, our students, families, and community members have participated in this full-day social and emotional learning activity. Students get the chance to break down barriers, confront stereotypes, and make lasting connections. We can't support this great work without YOUR help. We need adult volunteers to make this program work, so this is your chance to get involved in Torrey Pines and make a difference in the lives of our Falcons. **Please volunteer today!**

SEL Student Surveys - CoVitality

This year our students districtwide will be participating in a brief survey created by CoVitality which will assess their behavioral and emotional health. The survey will ask about personal strengths, psychological distress, life satisfaction, and school connectedness. This year our 9th grade class will participate in the fall and again in the spring. It is important to gain perspective from our students on how they gauge their connectedness to school as well as their overall well-being. To learn more please **visit the CoVitality webpage.**

Did You Know?

One of the best ways for our students to connect to school is through a school club. Our clubs are a great opportunity to share interests, get involved in school activities, and make friends. We have a **wide variety of clubs** to choose from, and if you don't see something you like, you can **create your own club!**
