College & Career Night 4/17

Let's Stay Connected Falcons!

The Curtain Rises On Our New Arts Wing!

Falcon Feature

Spring break is always a very fun time of year, but it's also a stressful time of year. Students and families are faced with a barrage of State testing, AP exams, college acceptance notices, dances, games, performances, awards ceremonies and a host of other important life events. During this busy time, it's important that we continue to Take Pride in ourselves and Take Pride in each other by staying connected. If you or a friend need help, please access the many resources we have at TPHS and in the SDUHSD. Be familiar with our **Suicide Prevention Protocol**, and encourage students to reach out to a trusted adult if they are concerned about themselves or a friend. For more info, visit our **Falcon Wellness page**. Remember, we are TP!

College & Career Night 4/17

On Wednesday, 4/12, the SDUHSD will host its annual College and Career Night. Over 200 colleges and universities will be part of the event. This is a great opportunity for our Falcons to explore college and career options, and learn more about the college admissions process. For more information, visit the **SDUHSD College & Career Night page**.

New Art Wing At TPHS

Our new arts wing is ready to open. Our music and dance rooms will be open on 4/15, and our PAC will open in May. This project is 23 years in the making, and we are incredibly thankful to our SDUHSD School Board, our District leadership, our staff, students, and our amazing community for making this happen. It is a great day to be a Falcon! For additional pics, visit the **TPHS Facebook page**.

Did You Know?

The effects of marijuana on the brain is well documented, but the damage to the growing brains of teenagers is often overlooked. With the proliferation of devices that deliver concentrated doses, it's critical that we talk to our kids about this topic. For more info, check out this **news story from KUSI.**
