WHY

Make School Meaningful

Falcon Feature

While Torrey Pines is one of the top academic schools in the State and country, we work hard to help our students find their "why." From our classroom instruction, to our extra-curricular programs, to our campus culture, we want our Falcons to make a personal connection with their education beyond building a transcript to get into a top college. When the "why" is clear, the "how" is easy, and students are more motivated and less stressed. We encourage you to talk to your student more about their "why," and less about their "how." Let's all work together to help our Falcons make their time here meaningful.

Get Connected

TPHS has a diverse selection of activities, clubs, and teams, so there is something for everyone! We encourage all of our Falcons to get involved in campus life in ways that will help them make memories that will last a lifetime. Go to a game, attend the play, enjoy some music at one of our concerts, go to one or all of our many dances, or just wear cardinal and gold on spirit Friday. We have over 200 clubs, but if there isn't one for you, start your own! Get connected and make the most of being a Falcon!

Think Before You Post

The impact of social media is a major topic for schools all over the country. Remind your students that a smartphone is a lot like a power tool - they can be extremely useful, but dangerous if not used correctly. Make sure you talk to your student about the proper use of this powerful device. Also, check out this [info from the FBI](#).

Did You Know?

Back to School Night is on Tuesday, September 25th. Please join us at 5:15 in the gym so you can enjoy our Jazz Band, and team performances. Classroom visits will start at 6:00 pm, and we will have informational booths open on campus throughout the evening to help you learn more about the many extra-curricular activities we have available for our Falcons. Don't miss this fun night!
