CTE Pathways Are For Everyone!

Falcon Feature

Last year SDUHSD created a special education task force that was comprised of parents, teachers, administrators, transition specialists, and staff members to examine our district's special education services. Through this task force a strategic plan was developed which now all school sites are implementing. TPHS was an active member of the taskforce and is proud of the diversity of services we offer our Falcons. For more information, please take a minute to learn more about our special education services by reviewing the [Special Education Strategic Plan Summary](#)

It's Homecoming Week!

It's a big week for Torrey Pines as we gear up to cheer on our Falcons for the annual Homecoming game on 10/5. All next week is Spirit Week, so don't be surprised if your student wears pajamas to school one day? As always, Friday will be TP Pride day, so let's break out the cardinal and gold and show that WE ARE TP! ASB is also hard at work preparing for the dance on 10/6. More information is available on our [website](#).

CTE - Real, Relevant, Rigorous

CTE pathways at TPHS are not the old "vocational" classes from years past. Our pathways use project-based learning to teach relevant, real-world skills in a rigorous environment. Pathways provide students with transferable, professional skills that will serve them in any career they choose. Far from traditional job training, CTE pathways prepare students for life. For more information, visit the [CTE page on our website](#).

Did You Know?

Nutrition Services at TPHS has more options and improved service for our Falcons. We have a dedicated staff committed to providing quality food for all of our students. We also have free breakfast every day! If your student hasn't checked out the diverse food items we have to offer on campus, now is a great time to learn more about what we have to offer. For more info, check out the [SDUHSD Nutrition Services page](#).
