Return to Campus Update

Counselors - 9th grade presentations

Falcon Feature - Return to Campus Pilot

On 11/12, Principal Coppo hosted a parent coffee where he presented the TPHS pilot plan for a one day a week learning from home model for all students. Our plan allows students the option to return to campus for in-person learning one assigned day of the week, while remaining in distance learning from home four days a week. Students will continue to have the option to remain in distance learning five days a week. If you missed the Zoom meeting, you can [view the video](#) (passcode: rR.#U.C5) or review the [Google Slides presentation](#). For more information, please visit tp.sduhsd.net and click on the "Return to Campus Information 11/12/20" announcement.

📋 Student Interest Survey

As we look to expand access to campus beyond our Priority Groups, we need to know who is interested in returning to campus for in-person learning one day per week beginning the week of January 4th, 2021 and continuing into quarter 3. We are conducting an informal, non-binding interest survey so we can assess our needs before we move forward with this plan. The survey will be open on Monday, 11/16 and will close on Friday, 11/20. Please check your email on Monday, and take time next week to complete the survey so we can better meet your needs.

📋 Freshman Presentations

The Counseling Team is excited to connect with the Class of 2024 to share important information about navigating high school! The 9th grade presentation was sent to all families and is also found on the [TPHS Counseling Website](#). Lots of good info is covered in it (from Counseling services, grad requirements, college, and getting involved). In addition, counselors will be offering optional Q&A sessions via Google Meet during lunch on Monday, November 16 and Tuesday, November 17. The links to these sessions are included in the presentation and only for students (due to size/time restrictions on Google Meet). We look forward to working with 9th grade parents in early 2021!

✂️ Social Emotional Learning Spotlight

The simple act of taking time to show gratitude for the benefits we have in life, and the people around us, can have a dramatic impact on our health and happiness. We hope you find a moment to slow down, connect with your family, and make a list of the great things and people in your life. If you'd like to read more about this, check out these articles from [Mind/Shift](#), [UC Berkeley](#), and [Harvard Medical](#).

Resources

Important dates

- 11/15 - Athletic Clearance due for [Season 1 sports](#)
- 11/17 to 11/19 - TP Food Drive run by ASB
